

## 4-Port USB DisplayPort/HDMI Dual Display Universal Secure KVM Switch Kit (PSD PP v4.0 Compliant)

CS1144DP4UN

### Features:

- Compliant with PSD PP v4.0 (Protection Profile for Peripheral Sharing Device, Version 4.0) security requirements
- Support DisplayPort and HDMI video interfaces (both PC and Console sides)
- Always-on chassis intrusion detection – renders the ATEN PSD PP v4.0 Secure KVM Switch series inoperable when physical tampering is detected; port selection via pushbuttons / Remote Port Selector (RPS) only to enhance security

# KVM Solutions for Secure Government Computing Environments

ATEN has been a leading supplier of computer peripheral products to the Public Sector Markets for many years. Today we supply a variety of our products to a broad range of Federal (DOD, Civilian and INTEL), State and Local Government Agencies. Our products can be sourced on a diversified group of Federal and State & Local contract vehicles.

## Key Features

- Secure Port Switching (Push button only)
- Port and Channel Isolation
- Active always on Chassis Intrusion Detection
- User Data Protection (Clears buffer after changing ports)
- EDID Filtering (Non qualified monitors are rejected)
- Configurable Device Filtering
- Restricted USB Connectivity (only HID devices are allowed)
- Tamper Evident Tape
- Card Access Reader & Non-Card Access Reader models

Here is our current lineup of NIAP Certified TAA Compliant Secure KVMs, available in single or dual monitor, 2, 4 and 8 port, and DisplayPort, DVI, and HDMI video connectivity.
