

Free-Standing Desktop Rack (8U / 12U)

RC2900 / RC3000

ATEN has over 30 years of experience in rack design and manufacturing, with certifications including UL in the United States and Canada, CE in the European Union, and multiple domestic and international patents (certificate numbers: M377678, M385174, M513193, etc.). All ATEN's racks are fully manufactured in Taiwan, adhering strictly to the EIA/ECA-310-E standards.

For offices, studios, or other space-constrained environments, ATEN offers a variety of open-frame racks – including desktop, wall-mounted, and side-mounted wall models – designed to meet the storage and installation needs of a small number of devices.

Compliant with EIA / ECA-310-E standards, this rack can be placed directly on a desk or any flat surface, effectively saving floor space. It supports 19-inch multimedia, networking, and server equipment with a maximum load capacity of 50 kg, and is available in 8U and 12U height options – a safe and reliable solution for your equipment deployment needs.

Features

- Two-post open-frame design with a total load capacity of 50 kg
- Can be placed directly on a desk or other flat surfaces, effectively saving floor space
- Supports installation of 19-inch multimedia, networking, and server equipment
- Complies with the latest EIA / ECA-310-E standards
